

NAVIGATOR™

Dilution Control Systems

SIMPLE

VERSATILE

COST EFFECTIVE

Total Control, Lower Cleaning Costs, More

The versatile SSS Navigator Dilution Control System lets you optimize cleaning performance while lowering costs, saving space and cutting waste.

The Dispenser — Wall-mount and portable models deliver the power of concentrates where, when and how you need it.

The Bottle — Closed system 2-liter refills fit all Navigator dispensers. New metering tip is pre-installed in each bottle.

The Concentrates — Cost-efficient formulas—including EcoLogo EarthCare® products—provide high-performance options for every application.

There's a Navigator Solution for Every Cleaning Need

Four-Station Wall Mount

Packs maximum performance and options into minimum space

Simple single-knob product selection

Lockable cabinet holds four concentrate bottles

On/Off trigger at end of bucket fill hose for one-hand bucket fill

Installing 2-liter refills is quick and easy—no spills, no contact with concentrated chemicals.

Versatile—holds up to four products; use bottle fill or bucket fill option for all products

2.5 GPM dispensing with action-gap back-flow protection

One-hand spray bottle fill – press up on actuator to dispense

Space-saving 16" w x 23" h x 8.7" d footprint

Meets ASSE Standard 1055 for chemical dispensing equipment

Four-Station Wall Mount
Model #23200

Safe-Guard™ System All Navigator Models

Leak-proof bottle insert integrates with dispenser connector—eliminates spills; prevents contact with concentrated product.

More Options

MPD Wall Mount

New, compact design wall-mounted bucket fill and bottle fill dispenser

Navigator MPD Wall Mount Station #23215 (Bottle Fill & Bucket Fill)

- Multiple Product Dispenser (MPD) - easily switch between a broad range of Navigator Concentrate Refills
- One hand fill for spray bottles and remote fill gun for bucket fill
- Fill spray bottles, auto-scrubbers, mop buckets, microfiber buckets and other containers
- Remote fill hose features ON/OFF trigger for easy one hand bucket fill
- Small 13"x 29" footprint minimizes space needed in supply closet
- 2.5 GPM dispensing with action-gap back-flow protection

Single Station Wall Mount

Efficient, accurate dilutions in an ultra-compact design

Navigator Single Station #23201 (Bottle Fill)

- Durable polypropylene construction with optional locking cabinet
- Safe-Guard System eliminates spills and chemical contact
- Available in bottle fill or bucket fill models
- 2.5 GPM dispensing with action-gap back-flow protection
- Dispensers can be connected to a single water source

#23202 (Bucket Fill)

Navigator Portable

Saves time—no back-and-forth trips to refill buckets or equipment

- Ideal for remote locations – works with any standard water source
- Compact, rugged design with simple one-hand control
- Basic & Premium Foamer Models (#23204 and #23205) for special cleaning tasks also available
- Safe-Guard System eliminates spills and chemical contact

Navigator Portable Dispenser #23203

Navigator Premium Foamer Dispenser #23205

Navigator Concentrates

New levels of performance, convenience and user safety

- Recyclable HDPE with easy-grip handle
- Curved siphon tubes for complete product evacuation
- Numbered and color-coded bi-lingual labeling system helps assure proper product identification and use
- Two secondary labels packed per case
- In-bottle metering tips provide a new tip with each refill—assures consistent dilutions; eliminates problems from malfunctioning metering tips in dispenser
